INDEPENDENT SCHOOL DISTRICT 152 MOORHEAD, MINNESOTA

MISSION STATEMENT

The mission of the Moorhead School District is to develop the maximum potential of every learner to thrive in a changing world.

THE SCHOOL ENTITY

The district encompasses 206 square miles in Clay County. It includes all or part of 11 townships. It is 34 miles long and ranges from 3 1/2 to 9 1/2 miles wide. It is bounded on the west by the Red River. The communities of Moorhead, Georgetown, Kragnes, Sabin, and Rustad are all part of the district. The district currently employs over 800 individuals in full and part-time positions. The district owns and operates a maintenance garage, an education center, three elementary schools, a middle school, a high school and an area learning center.

OBJECTIVES OF THE ANNUAL OPERATING PLAN

- 1. To approve the 2010-2011 preliminary budget.
- 2. To project revenue and expenditures for a two-year period beyond the current budget.
- 3. To present historical information.
- 4. To have the above information organized in such a manner that it may be used as a tool in the district's long-range planning process.

I. GENERAL FUND

INTRODUCTION

The School District is anticipating 2010-2011 General Fund revenues of \$48,878,911. This reflects a decrease of approximately \$1,366,179 compared to 2009-2010. This decrease is primarily due to the American Recovery and Reinvestment Act (ARRA) funds that were received in 2009-2010. These funds are a one-time influx of revenue and are therefore not sustainable. Additionally, the use of these funds is limited to the areas of Title I and special education. Expenses for the 2010-2011 General Fund are anticipated to be \$49,628,790. This reflects an increase of \$930,189 compared to projected expenditures from 2009-2010.

The net result of the recommended General Fund budget is an unreserved deficit of \$112,405 and a reserved deficit of \$637,474 for 2010-2011. The June 30, 2011 unreserved General Fund balance is projected to be \$6,911,474, or 14.7% of expenditures. Budget assumptions will be monitored to verify accuracy as new information becomes available. A revised budget will be presented to the board in approximately January, 2011.

KEVENUE Line :
Property Taxes The property taxes have increased due to the levy increase in equity and transition revenue capital outlay, and bus levy. Effective with fiscal year 2010, the district's voter-approved excess operating levy will expire resulting in a decrease in levy revenue and state equity aid.
Interest
Tuition and Fees
Other Local Sources This includes the fees from participation in extra-curricular activities, the ticket sales from activity events, rent from school facilities, rent from other property, student teacher reimbursement, concessions, reimbursement from Lake Land Mental Health Day Treatment and miscellaneous.
General Education Aid This aid represents the State share of the basic general education revenue which includes transportation revenue.
Tax Credits
Non Public Transportation Aid
Special Education Aid

Minnesota. Title I programming is the largest and the flow-thru funding for special education is the next largest.
Operating Capital
Lease Levy
Head Start Rent
Sale of Equipment/Property
Health and Safety

EXPENDITURES Line #
Administration and Support Services
Regular and Vocational Instruction
Special Education Instruction
Instructional Support Services
Pupil Support Services
Operations and Maintenance of Buildings and Grounds
Transportation Services48-53 Includes the salaries and benefits and other costs to operate the transportation department.
Property/Liability Insurance54d This includes insurance premiums for property and liability coverage

OPERATING CAPITAL EXPENDITURES

Capital expenditures consist of expenditures for acquisition, additions, or improvement of sites, building, and equipment. An item qualifies as equipment if all the following criteria are met:

- It retains its original shape and appearance with use. It has a normal useful life of at least three years.
- It is nonexpendable. That is, if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair it rather than replace it with and entirely new unit.
- It represents an investment of money (usually a unit cost range of greater than \$500), which makes it feasible and advisable to capitalize the item.
- It does not lose its identity through incorporation into a different or more complex unit or substance.

Under a property control system each item or group of like items would be separately inventoried and controlled.

Special Assessments
Leases
Telephone/Telecommunications
Building Discretionary Allocation59 Each building is allocated capital funds to cover incidental expenses that are not part of the long-range facility plan. The allocation is \$8.50 per student based on projected enrollment.
Athletics60 This budget is for additions and replacement of athletic equipment.
Textbook/Curriculum Adoption61 There is a review process annually to decide the needs relative to textbook acquisitions.
Music

Transportation Equipment......70

Used for purchase of buses.

II. FOOD SERVICE

INTRODUCTION

This fund must be established in a district that maintains a food service program for pupils. Food service includes those activities which have as their purpose the preparation and service of milk, meals, and snacks in connection with school and community service activities.

Revenues and expenditures for Food Service activities are recorded in this fund. Eligible expenditures include application processing, meal accountability, food preparation, meal service, and kitchen custodial service.

If revenues exceed expenditures, the resultant positive fund balance may not be transferred to the General Fund. If a deficit occurs, permanent transfers should be made from the General Fund to the Food Service Fund as of the end of the fiscal year.

Prices for the 2010-11 school year will remain the same as the previous year with the exception of the adult lunch price which will increase from \$3.00 to \$3.25. Adult prices were not increased last year.

Basic Assumptions

The number of paid, free and reduced price lunches will remain the same as 2009-10.

Prices used to develop revenue projections were as follows:

Category	2010-11 Price
Milk	.40
Breakfast	1.00
Elem Lunch	1.75
Middle S/HS Lunch	1.90
Adult Lunch	3.25

Reimbursements

The per meal reimbursement from the state (lunch and breakfast) will remain neutral.

The per meal reimbursement for commodities will increase by .0075.

The per meal federal reimbursement (cash) for paid meals will increase by .02.

The per meal federal reimbursement (cash) for free and reduced meals will increase yearly by .08 per breakfast, .14 per lunch, and .02 for snacks.

2010-11 Reimbursements (2009-10 figures, will be adjusted when figures are released in July)

State Reimbursement:

- \$.12 All Lunch
- \$.55 Paid Breakfast
- \$.30 Reduced Breakfast

Commodities Reimbursement (Food Distribution Program):

\$.195 each meal (lunch)

Federal Reimbursement:

- \$.25 Paid lunch
- \$2.28 Reduced lunch
- \$2.68 Free lunch
- \$.26 Paid breakfast
- \$1.16 Reduced breakfast
- \$1.46 Free breakfast
- \$.06 Paid Snack
- \$.37 Reduced Snack
- \$.74 Free Snack

K-Milk Reimbursement:

- \$.16 Milk Federal
- \$.20 Milk State

JND BALANCE DEFINITIONS Line #
iscellaneous Local Revenue 2
atered meals (lunch) to Headstart Program at Probstfield.
ırchased Services14
osts include supervision, administrative services, repairs and maintenance inting/publications, travel/professional development, consulting fees, operation aintenance.
ood Costs (USDA Commodities)15
ased on the number of reimbursable student meals (lunch only) that were served the previous hool year.
ınd Balance Projections24
se of Food Service funds to pay for capital outlay expenditures will decrease the fund balance
unding for capital outlay is received only from paid meal revenue (no contribution is received only free or reduced price meals). Decreases in the fund balance will result in a price increase

IV. COMMUNITY EDUCATION

INTRODUCTION

The district census is currently at 40,831. The Early Childhood census fluctuates based on data collected on new births, adoptions (as available) and moves into and out of the district.

The formulas for General Community Education decreased in 04-05, as did ECFE and School Readiness. Some of the money was restored in 06-07. Efforts are made to increase revenue from donations, tuition, sponsorships, fees, and grants.

General Community Education
General Community Education revenue is based on district population. Our population for fiscal year 2009 was 39,225. In 09-10 the population is projected to be 40,085. For 2009-20010, the multiplier per capita is \$5.42.
The 2001 legislature approved an additional levy to provide for youth enrichment activities outside of school hours. Moorhead receives \$31,067 in the general Community Education fund.

VII. DEBT SERVICE FUND

INTRODUCTION

The Debt Service fund is used to show revenues and expenditures for a school district's outstanding bonded indebtedness, whether for building construction or operating capital, and whether for initial or refunding bonds.

When a bond issue is sold, the school board must levy a direct general tax upon the property of the district for the payment of principal and interest on such bonds as due. The revenue from such tax must be separately accounted for in a Debt Service Fund (M.S. 475.61).

When an excess is accumulated in a Debt Service Fund due to interest earnings, lower than anticipated tax delinquency, or excess building funds, the levy for debt redemption may be reduced in whole or in a part as dictated by fund balances and debt retirement requirements. Where there are accumulations in the fund as the process of debt repayment nears an end, the accumulations should be used to reduce debt levies. Where there is any balance left in the Debt Service Fund after all obligations have been discharged, such balance shall be permanently transferred to the General Fund, with an equal levy reduction (M.S. 475.61).

There can be no borrowing from the Debt Service Fund. Any cash balance or investment in a Debt Service Fund is held in trust for the bondholders, and must not be used to support cash deficits in other funds (M.S. 123B.78, Subd. 4).

Due to the successful passage of a \$64 million bond referendum on March 12, 2002, the debt service fund has had a substantial increase.

REVENUES Line#

This is determined by the bond payment schedule. The District must levy 105° annual debt service requirement.
