INDEPENDENT SCHOOL DISTRICT 152 MOORHEAD, MINNESOTA

MISSION STATEMENT

The mission of Moorhead Area Public Schools is to develop the maximum potential of every learner to thrive in a changing world.

THE SCHOOL ENTITY

Moorhead Area Public Schools (MAPS) encompasses 206 square miles in Clay County, Minnesota and includes all or part of 11 townships. The district is 34 miles long, ranges from 3½ to 9½ miles wide and is bordered on the west by the Red River. The communities of Moorhead, Georgetown, Kragnes, Sabin, and Rustad are all part of the district. The district currently employs over 800 people in full and part-time positions. The district operates a maintenance garage, an education center, three elementary schools, a middle school, a high school and an area learning center.

OBJECTIVES OF THE ANNUAL OPERATING PLAN

- 1. To approve the 2011-2012 preliminary budget.
- 2. To project revenue and expenditures for a two-year period beyond the current budget.
- 3. To present historical information.
- 4. To have the above information organized in such a manner that it may be used as a tool in the district's long-range planning process.

I. GENERAL FUND

INTRODUCTION

The district is anticipating 2011-2012 General Fund revenues of \$54,321,260. This reflects an increase of approximately \$4,245,985 compared to 2010-2011. This increase is due to the voter-approved referendum that was passed in November 2010 and also reflects a drop off in federal stimulus funds from the American Recovery and Reinvestment Act (ARRA) and Education Jobs Fund Bill (Edujobs). Expenses for the General Fund are anticipated to be \$52,787,680. This reflects an increase of \$2,403,620 compared to projected expenditures from 2010-2011. The primary reasons for this increase include addressing the priorities established leading up to the referendum, increased capital expenditures for technology upgrades, and an increase in the costs of instructional materials and textbooks.

The net result of the recommended General Fund budget is an unassigned fund balance increase of \$2,991,946 and a restricted fund balance deficit of \$1,458,366 for 2011-2012. The June 30, 2011 unassigned General Fund balance is projected to be \$10,074,441, or 20.3% of expenditures. Budget assumptions will be monitored to verify accuracy as new information becomes available. A revised budget will be presented to the board in approximately January 2012.

On November 2, 2010, school district residents approved an operating levy request in the amount of \$850 per student, which will generate approximately \$5.2 million in revenue for seven years. The total number of votes cast was 12,995 of which 6,950 were "yes" (53.5%) and 6,045 were "no" (46.5%). The passage of the operating levy came one year after the first attempt failed on a vote of 4,078 (49.3%) in favor and 4,195 (50.7%) against the proposal, a difference of 117 votes out of 8,273 votes cast.

This version of the Annual Operating Plan (AOP) begins to reflect the changes to the district's fund balance policy. The purpose of the policy revision is to create new fund balance classifications to allow for more useful fund balance reporting and for compliance with the reporting guidelines specified in Statement No. 54 of the Governmental Accounting Standards Board (GASB).

The district earned the Minnesota Department of Education's (MDE) 2011 School Finance Award for fiscal year 2010. The award recognizes select school districts for timely submission of Uniform Financial Accounting and Reporting Standards (UFARS) data and annual financial statement as required by Minnesota Statutes as well as for having positive fund balances, demonstrating sound fiscal policies and procedures, and personnel training in the area of school finance. This is the first time that the district has received this award. Only 65 of the state's 340 school districts received this award.

EXPENDITURES LINE #
Administration and Support Services
Regular and Vocational Instruction 32-36

Included are all activities related to the teaching of students in the classroom and cocurricular activities at the kindergarten, elementary and secondary levels excluding

expenditures for special education instruction.

Special Education Instruction
Included is the budget for activities that provide learning experiences for students of any age who, because of certain atypical characteristics or conditions, have been identified as requiring, or who would benefit by, educational programs differentiated from those provided
students in regular or vocational instruction.
Instructional Support Services
Pupil Support Services45-48 Services for students other than instructional are included. The services include counseling and guidance, health, psychological, social work, crime prevention, and others.
Operations and Maintenance of Buildings and Grounds
Transportation Services54-58 Includes the salaries and benefits and other costs related to student transportation.
Aid Anticipation Certificates59 Represents expenses incurred for the issuance of aid anticipation certificates due to cash shortages resulting from legislated aid payment shifts or delays.
Property/Liability Insurance60

OPERATING CAPITAL EXPENDITURES

Capital expenditures consist of expenditures for acquisition, additions, or improvement of sites, buildings, and equipment. An item qualifies as equipment if all the following criteria are met:

- It retains its original shape and appearance with use. It has a normal useful life of at least three years.
- It is nonexpendable. That is, if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair it rather than replace it with an entirely new unit.
- It represents an investment of money (usually a unit cost range of greater than \$500), which makes it feasible and advisable to capitalize the item.
- It does not lose its identity through incorporation into a different or more complex unit or substance.

Under a property control system each item or group of like items would be separately inventoried and controlled.

Special Assessments 62
Special assessments are based on city improvements including projects related to repaying
streets, curb and gutter work, and other needed improvements for city services.
Leases 63
The district currently has lease agreements with the City of Moorhead for the Sports
Center and Outreach Center, LaFamiglia Limited Partnership for RRALC, Fargo Schools for the gymnastics center, and Lakes Country Service Cooperative for the YES program.
To the gymnastics center, and Lakes Country Service Cooperative for the TES program.
Telephone/Telecommunications 64
Expenses include equipment and the leasing of telephone lines. E-rate reimbursements are
included in this item.
Building Discretionary Allocation 65
Each building is allocated capital funds to cover incidental expenses that are not part of the
long-range facilities plan. The allocation is \$8.47 per student based on projected enrollment.
Athletics 66
This item is for additions and replacement of athletic equipment.
Textbook/Curriculum Adoption 67
These expenses are related to the district's curriculum review process.
Music
These funds are used for additions and replacement of district-owned musical instruments.

wedia 69
Audiovisual equipment and application software are purchased based on the recommendation of the building technicians, media specialists, and principals with assistance from the Director of Media Services and Director of Information Systems and Instructional Support. Media/library print books and electronic resources are purchased as recommended by building Media Specialists in collaboration with the Director of Media Services & the Director of Information Systems and Instructional Support.
Equipment Contingency Fund
Technology Plan71 The technology plan is attached and details the annual operating costs and planned acquisitions.
Building Construction and Maintenance Plan
Deferred Maintenance
Transportation Equipment74 This allocation is used to purchase school buses or vans.

II. FOOD SERVICE

INTRODUCTION

This fund must be established in a district that maintains a food service program for pupils. Food service includes those activities which have as their purpose the preparation and service of milk, meals, and snacks in connection with school and community service activities.

Revenues and expenditures for Food Service activities are recorded in this fund. Eligible expenditures include application processing, meal accountability, food preparation, meal service, and kitchen custodial service.

If revenues exceed expenditures, the resultant positive fund balance may not be transferred to the General Fund. If a deficit occurs, permanent transfers should be made from the General Fund to the Food Service Fund as of the end of the fiscal year.

Prices for the 2011-12 school year will remain the same as the previous year.

Basic Assumptions

The number of free lunches went up by 6.1% from 09-10 to 10-11.

Prices used to develop revenue projections were as follows:

Category	2011-12 Price
Milk	.40
Breakfast	1.00
Elem Lunch	1.75
Middle S/HS Lunch	1.90
Adult Lunch	3.25

Reimbursements

The per meal reimbursement from the state (lunch and breakfast) will remain neutral.

The per meal reimbursement for commodities will increase by .0075.

The per meal federal reimbursement (cash) for paid meals will increase by .02.

The per meal federal reimbursement (cash) for free and reduced meals will increase yearly by .08 per breakfast, .14 per lunch, and .02 for snacks.

2011-12 Reimbursements (2010-11 figures, will be adjusted when figures are released in July)

State Reimbursement:

- \$.12 All Lunch
- \$.55 Paid Breakfast
- \$.30 Reduced Breakfast

Commodities Reimbursement (Food Distribution Program):

\$.195 each meal (lunch)

Federal Reimbursement:

- \$.26 Paid lunch
- \$2.32 Reduced lunch
- \$2.74 Free lunch
- \$.26 Paid breakfast
- \$1.18 Reduced breakfast
- \$1.48 Free breakfast
- \$.06 Paid Snack
- \$.37 Reduced Snack
- \$.74 Free Snack

K-Milk Reimbursement:

- \$.1775 Milk Federal
- \$.20 Milk State

IV. COMMUNITY SERVICE

INTRODUCTION

The district census is currently at 42,939. The Early Childhood census fluctuates based on data collected on new births, adoptions (as available) and moves into and out of the district. The formulas for General Community Education decreased in 04-05, as did ECFE and School Readiness. Some of the money was restored in 06-07. Efforts are made to increase revenue from donations, tuition, sponsorships, fees, and grants.

Kinder Plus (K+)13 In 2009-2010, the district added K+ for parents who wanted to have their kindergarteners enrolled in an educational opportunity for the entire school day.
Other
This category includes early childhood screening, non-public school funds and grants. The district receives between \$30-\$50 from the Minnesota Department of Education for each preschooler who is screened. Revenues are based on actual expenditures, as this is a reimbursable program. Non-public student count includes St. Jospeh's, Park Christian, and home-schooled students.

³³ Fund balance limits exist for General Community Education (including Adult Basic Education), Early Childhood Education, and School Readiness. Statutes require that the adjusted three-year average fund balance not exceed 25% of the prior year's program revenue before any adjustments for excess fund balance. Statutes define program revenue to include not only the state aid entitlement—and, for ECFE and Community Education, levy authority—but also any fees, grants and other program revenue. Projected limits for fiscal year 2011 are as follows: Community Education—\$132,000; ECFE—\$68,000; and SR—\$18,500. These figures are subject to change once audited data are available.

VII. DEBT SERVICE FUND

INTRODUCTION

The Debt Service Fund is used to show revenues and expenditures for a school district's outstanding bonded indebtedness, whether for building construction or operating capital, and whether for initial or refunding bonds.

When a bond issue is sold, the school board must levy a direct general tax upon the property of the district for the payment of principal and interest on such bonds as due. The revenue from such tax must be separately accounted for in a Debt Service Fund (M.S. 475.61).

When an excess is accumulated in a Debt Service Fund due to interest earnings, lower than anticipated tax delinquency, or excess building funds, the levy for debt redemption may be reduced in whole or in a part as dictated by fund balances and debt retirement requirements. Where there are accumulations in the fund as the process of debt repayment nears an end, the accumulations should be used to reduce debt levies. Where there is any balance left in the Debt Service Fund after all obligations have been discharged, such balance shall be permanently transferred to the General Fund, with an equal levy reduction (M.S. 475.61).

There can be no borrowing from the Debt Service Fund. Any cash balance or investment in a Debt Service Fund is held in trust for the bondholders, and must not be used to support cash deficits in other funds (M.S. 123B.78, Subd. 4).

Due to the successful passage of a \$64 million bond referendum on March 12, 2002, the debt service fund has had a substantial increase.
