**Cass-Clay Unified School Response**  
**Emergency Response Flipchart > Bus Edition**  
*Revised: Summer 2013*

This flipchart provides transportation staff with the current, best practices for responding to various incidents that may occur while on route. It is important to note that these are recommendations from CCUSR. Each district may have additional and/or stricter requirements than what is included herein. Further, staff can and should use their professional judgment to protect themselves and the students in their care.

Keep in mind that the safest place for students is normally going to be ON the bus. Use your professional judgment to determine when that may not be the case. In several incident responses that follow, it is advised that you consider the evacuation of your bus.

Whenever a bus is evacuated, the driver should be the last one off, after checking the entire bus for students.

## **TAB > Incidents @ Schools**

### **Evacuation**

- 1) Prepare buses for transport.
- 2) Wait at the Transportation Facility or other designated staging area for further instructions.

### **Lockdown**

- 1) If enroute to a school currently in lock down, park in a safe location away from the school.
- 2) Notify Transportation Dispatch of your location and status.
- 3) Wait for further instructions.

### **Reunification**

- 1) Follow all instructions provided by Transportation Dispatch.

### **Shelter-in-Place**

- 1) If enroute to a school that is currently sheltering-in-place, park in a safe location away from the school.
- 2) Notify Transportation Dispatch of your location and status.
- 3) Wait for further instructions.

## **TAB > Incidents on Buses**

### **Accident / Breakdown / Ditch**

- 1) Call 911 or Police Dispatch, depending on the severity of the accident.
- 2) Notify Transportation Dispatch:
  - a. Provide bus number, location and nature of accident or breakdown.
- 3) Secure the scene to prevent further injury or damage.
  - a. Activate the emergency flashers, shut off the ignition and set out caution triangles.
  - b. Do not move the bus until told to do so by law enforcement or the Transportation Director.
- 4) Assess students for medical needs.
- 5) If the accident involves another vehicle, check on the other motorist's wellbeing, when safe to do so.
- 6) Identify and list all students on the bus, with seating position if possible, and complete an accident report. Keep all students safe and accounted for.
- 7) Do not release students from the scene (for reasons other than medical attention) until authorized to do so by the Transportation Director or designee.
- 8) If safe and deemed necessary (fire, danger of fire, or the bus is in a dangerous position), evacuate the bus.
- 9) If a replacement bus and driver are dispatched, assist in the transfer of students to the replacement bus once directed to do so by the Transportation Director or designee.
- 10) Wait for further instructions.
- 11) Upon return to the Transportation Facility, follow through with district protocol (paperwork, statements, etc.)

### Fighting

- 1) Stop the bus in a safe location.
- 2) Verbally attempt to stop the fight; physically intervene when reasonable and necessary.
