Q. I'm reaching out to you today regarding your Form 470 that you posted identifying Fortinet AP's. We're an Aruba partner located here in MN and wanted to know if you'd entertain an Aruba bid for your requested 197 AP's.

A. This is covered in the RFP document and the Form 470. E-rate rules require applicants to accept, consider and evaluate bids for equivalent products.

All other RFP language remains unchanged.
